TEN CENTS PER WEEK

100 FARMERS JOIN ASSOCIATION

At Big Barbecue at Massac
Yesterday.

Capt. W. J. Stone, of Lyon County,
and Thomas Glover, of Spring
field, Tenn., Speakers.

AGGRESSIVE CAMPAIGN WAGED.

Fully one hundred farmers joined the dark tobacco growers' association in McCracken county yesterday at Massac, the result of a big barbecue and public speaking by two well known speakers from Kentucky and Tennessee, Captain W. J. Stone, of Kuttawa, and Mr. Thomas Glover, of Springfield, Tenn. were the speakers, and made forceful talks.

"There were only 100 farmers at the speaking, and many outside who came to attend the barbecue and through curiosity," stated Captain Stone at the depot this morning. "After the speaking we enlisted membership, and when the meeting broke up and we left, there was not a tobacco grower who attended who did not join the association."

Speakers have been arranged for Marshall county and will begin this month. Speakers all over the dark patch where organization is not so old, will be featured, of the association work and organization next month for arrangement of a schedule of prices.

Tomorrow at the courthouse a meeting of present committeemen from McCracken county will be held and a county chairman elected. Each county chairman is one of the executive board which will meet later to arrange a schedule of prices.

Only Seven Left.
Salesmen this week of the dark tobacco growers' local station, had only seven hogsheds of tobacco left over after the season closed here and he will sell them at private sale. It was a clean sweep made by the local sales station and indications point to a sale of many more hogsheds next season.

COPPER PRICE DROPS.

Telephone Extension On.
Extension and improvement work that has been held up by the two local telephone companies, due to the extraordinary high price of copper, will probably be resumed again and the local offices are awaiting advice to proceed. Copper has slumped considerably in the last few weeks and is down now from 28 cents to 18, which is quite an item. Work all over the county was being held up on account of the high price, and the extension of rural telephone lines, no doubt, will soon resume.

Mr. Edwards Improving.

Henton, Ky., Sept. 12. (Special.)
The condition of Deputy Attorney G. L. Edwards is very much improved. He is at a physicians and friends are hopeful of a complete recovery. He has been improving for 24 hours. Mrs. Hardin Ford is not so well today. She has been sick for over a month.

Disgusted With Cigars and Cigarettes Mayor Takes Up Terrier Hobby.

"What's the matter with Mayor D. A. Yelver?" is a question as interesting locally as "what's the matter with Kansas" was nationally, and "Who struck Billy Patterson" was internationally.

Answer: Mayor Yelver is rejuvenating.

The first indications of the rejuvenation of Mayor Yelver came soon after the conclusion of litigation characterizing the evolution of Paducah from a third to a second class city. He began wearing "Cholly" socks, and next came fancy vests, Opal stick pins and fancy cuff buttons added more dash to the dignified mayor, and then came the period of rolled up trousers, and the total discarding of his "Benton boots."

Next came cigars, but they prove too strong for the mayor, and after several attempts to cultivate the weed he quit in disgust. Last month he tackled Turkish cigarettes and now has turned to bull terriers.

Mayor Yelver has two terriers both full blooded stock of the pit variety, and he is looking for more.

LIPTON'S CHALLENGE.

Dublin, Sept. 12.—A secret meeting of the Royal Irish Yacht club has been called for this afternoon for the purpose of settling details of Sir Thomas Lipton's challenge for the America cup. It matters are arranged the challenge will be added to America immediately.

LUSTANIA.

New York, Sept. 12.—Completing her maiden trip, and lowering world's record for run from Queenstown the Cunarder Lusitania, largest steamship afloat, reached quarantine at 9:14 this morning. The ocean glaucous passed Nantuxet shortly after midnight. Speeding at a 24 knot clip she was sighted off Fire Island at 6:55. Her decks were crowded with 2,400 passengers. She crossed the bar at 9:05 and at 9:15 passed Sandy Hook.

FREE PRISONERS.

Sing-Sing, Sept. 12.—Five life term prisoners are free today after having spent more than twenty years behind bars. They were freed yesterday under a new law which authorizes the board of parole to parole men sentenced for life for second degree murder, after they have been imprisoned twenty years.

MURDERED.

Columbus, Ohio, Sept. 12.—"I've killed a man!" exclaimed Edith Thornton Garson, as she rushed to a policeman on the street early this morning with a smoking revolver in her hand. The officer disarmed the woman and hurried to Sixth and Noble streets where the body of A. A. Masley lay on a bed with his hands resting on his breast. The woman fired two bullets into his heart while he slept.

CAPITAL AND LABOR.

Washington, Sept. 12.—Secretary Strauss, of the department of commerce and labor, announced today the purpose of establishing a national employment agency with T. H. Powderly, head of department of information bureau, in charge. It is to be a bureau where capital and labor may join hands to their mutual benefit.

OCEAN RECORDS.

New York, Sept. 12.—While the steamer Lusitania broke all ocean records from Queenstown the Hamburg American liner Deutschland still holds the trans-Atlantic record from Cherbourg. The Deutschland's average was 23.45 knots hourly. The Lusitania 22.72 knots hourly.

Frank Carbellie Acid.

Cleveland, Sept. 12.—On the doorstep of the home of his wife who had refused to recognize him, Charles Squire, a prominent business man drank carbolic acid today. He died in a few minutes. Mrs. Squire had filed a petition for divorce.

Paroled Improving.

The condition of Paroledman Will Orr is reported much improved. His physicians say that he will not be able to sit up for ten days.

Will Be Succeeded by Henry C. Bruner, a Brother.

Louisville, Ky., Sept. 12.—Dr. Ben F. Bruner, chief deputy United States marshal, has tendered his resignation to Marshal George W. Long, to take effect at the close of business September 30, 1907. Dr. Bruner, who is the Republican nominee for secretary of state, is now on his vacation. Marshal Long has accepted the resignation, and has appointed Henry C. Bruner, a brother, to succeed him. The new chief deputy lives at Hardyville, but he recently spent several weeks here, familiarizing himself with the duties of the position.

REPORT THAT FRICK WILL MANAGE STANDARD OIL.

New York, Sept. 12.—Wall street reports that Henry C. Frick, the steel magnate, will soon assume active management of the Standard Oil company has been revived by accounts of the serious illness of H. H. Rogers.

Curbing Stone Here.

The stone for the curbing to be used in the improvements of the street car company will make on Jefferson street arrived today and work will start at once. The company intends to park its right of way in the city limits, which will be quite an improvement for the thoroughfare.

Prisoner in Serious Condition.

William Skinner, a negro federal prisoner in the county jail, charged with bootlegging, is in a serious condition, suffering from what is said to be consumption.

EMPLOYEES SUE BUILDING OWNERS

J. K. Lunn and Thaddeus Gordon Bring Suit For Damages.

Were Injured When Express Office Collapsed From Falling Walls.

WHITE AND MURRELL SUE.

More suits, resulting from the wrecking of the American Express company building on Labor Day, were filed in circuit court. J. K. Lunn, a bill clerk, and Thaddeus Gordon, cashier, of the express company, are the defendants and Dr. D. G. Murrell, owner of the express company building, and J. N. White, owner of the Scott-Henneberger building, are made defendants.

Lunn sues for \$1,500 damages for personal injuries. He escaped with a sprained knee, and cuts and bruises all over the body.

Gordon sues for personal injuries and the loss of a bicycle wrecked in the collapse. He asks for \$550.

The allegations of the petitioners are that the White building was unsafe after the fire, and that negligence was exercised in failing to tear down dangerous walls which fell in and crushed the express building. The express company building is alleged to have been frail.

Other Suits.

Oliver & Oliver, local attorneys, filed suit in Benton yesterday for Philip Thompson, administrator of Philip Darnell, against H. H. Darnell to recover 150 acres of land. The property was bequeathed to the defendant ten years ago with the proviso that he should care for his mother and father, which he is alleged to have failed to do.

Suit has been prepared for Arch Pool, of Louisville, against the Cumberland Telephone company, to require it to take poles off property he owns in Marshall county. He alleges that he gave permission to use 18 inches of ground dividing the public road and his farm, but that the company took a different route, went through his farm, cutting down trees and doing other damage. He asks for \$200 damages.

VISITOR SEES GREAT IMPROVEMENT IN CITY

"You Paducah folks may not notice it as much as an occasional visitor like I do, but I want to say your city is showing much improvement in every way," over a year ago," said Mr. F. J. Dovey, a representative of the home office in Boston, of Stone & Webster, who has been in the city this week inspecting the company's plants. "The city looks a great deal cleaner than it did the last time I was here, and from the general appearance business appears to be better. I have great confidence in the future of Paducah and expect to see it justified."

The street car company is just now installing the three phase power system in a great many Paducah plants and sees a great future for the electric power business in the city. The present system is the 500 volt direct current, but the three phase alternating system is rapidly supplanting it. O. L. Gregory Vinegar company, the Fooks Lumber company and Sherill-Russell are now installing the system.

NEW INVENTION WILL BE TRIED TODAY

Paducah Inventor May Revolutionize Engine Construction.

Mr. Harry Wallace, the well-known electrician, has patented an internal combustion engine which will be tried out for the first time today. It is built on new, novel lines, and experts who have seen it say the principle is a revolution in engine construction and if it is a success it will prove a big one.

Mr. Wallace has been at work on it now for over a year, and only today assembled the last parts. Mr. F. E. Luck is interested with him in the patent and if it is a success it is the intention to erect a plant and manufacture the engines here.

The engine is about one-fourth the weight of the ordinary engines and is intended for use in automobiles, on interurban cars, steamboats and all other uses for which gasoline engines are used.

The engine was assembled at the Lack Shagene company plant and the test will be made there.

AUTO RACES ON STREET ARE ALMOST ASSURED

Mr. Richard Rudy and Mr. Dan Fitzpatrick, who will have charge of the automobile races during the horse show, interviewed the mayor and members of the council yesterday and today with a view of ascertaining what sort of reception their petition for the use of Third street for an hour each day of the meet for auto races, found the mayor and a majority of the council inclined to grant the privilege. The matter, however, will have to come before the board officially for action. The proposition has appeared to the auto owners and the indications are that some very rare sport will be offered. The races would be preceded by an auto procession in which all the autos in the city will be invited to take part.

CARPENTERS REWARD ORGANIZED FOR WORK.

The Carpenters' Union has purchased a watch from J. A. Konetsky to present to J. W. Adams, one of the national organizers, who assisted them in the prosecution of their local strike, as a token of their appreciation of his work. Mr. Adams will be in the city tomorrow and the presentation will be made tomorrow night.

Install Gong Today.

By night the big gong to warn vehicle drivers and pedestrians of the approach of the companies at Fourth and Broadway will be in working order. Pipe necessary to install the gong arrived last night. Chief Wood will test it immediately on installation.

This morning bottles were blown at the Pines glass plant in Mechanicsburg, but steady blowing will not begin before tonight.

CULLEY'S TEAM MEETS MAYFIELD OCTOBER 3

Sore muscles and fatigue mark the actions of many young men in Paducah this morning, the result of practice of the Culley football squad, which last night held its first practice. There are 20 or more husky lads from which the team is to be selected, and not until the day before the initial game will the eleven to represent the popular clothing establishment be selected.

Games with Paducah High school team and Mayfield have been secured. The initial game will be played with the High school team, Friday, September 27, at Wallace park, and Saturday, October 5, the Culleys will meet the Mayfield team. Mayfield is going into the game strong this year, having already ordered fine suits and outfits, and secured an experienced salaried college man to coach and train the team.

Practice of the Culley team will continue regularly each week, and the management is trying for games with Cairo, Metropolis and other cities. The Culleys will try to secure six games with out of town teams for the season, which with games with the High school, will furnish plenty of football for local enthusiasts. The High school team will begin practice next week.

LAY IN COAL NOW ADVISE OF DEALERS

"We have not a single car of coal we could sell, nor do we know when we shall have," said a prominent coal operator today. "The Illinois Central railroad is taking all of the coal we are mining, so it behooves every one to lay in their coal as soon as they can."

Tommy Salyers, 13 years old, son of William Salyers, of Littleville, near the Illinois Central depot, while playing with companions yesterday afternoon fell and fractured his right arm at the elbow. The injury was dressed by Dr. J. W. Pendley.

THE WEATHER.

SUIT SENT BACK TO FEDERAL COURT

Case of H. R. Ross' Administrator Against I. C.

Two Years of Hard Fighting in Livingston Circuit Court Results in Partial Victory for Defense.

HUMPHREY'S CASE DISMISSED.

Much has been accomplished during the present term of Livingston circuit court, both criminal and civil dockets, and the session will likely come to a close today or tomorrow. It convened September 2, Attorney C. C. Grassham, of the firm of Grassham & Threlkeld, representing the Illinois Central road, returned from Smithland this morning after having been successful in several big cases.

The Ross Case.

After two years of hard fighting the case of H. R. Ross, administrator of R. T. White, against the Chicago, St. Louis and New Orleans railroad company, the Illinois Central Railroad company and the Bates & Rogers Construction company, has about come to a close. The action was brought by the firm of Hendrick Miller & Marble, this city, and was for \$25,000 damages for the death of White, who was killed while working in a big caisson in Tennessee river where the construction company was building a bridge for the Illinois Central road. A 5,000 pound bucket of cement was let down on White and the unfortunate worker crushed to death. The suit first was transferred to federal court where a verdict for the defendant as to Bates & Rogers company and the Illinois Central was returned. The plaintiff in the meantime had appealed and secured a reversal of the decision. Back to Livingston circuit court it went, and this week a trial was gone into. After hearing plaintiff's testimony, the case as to the two railroads, was dismissed on peremptory instructions, and the matter as to the Bates & Rogers company transferred back to the federal court where the construction company already has a judgment in its favor.

"The point to consider is this," explained Attorney Grassham. "Will a new trial have to be gone into or will Judge Evans announce that the first judgment returned shall stick." The case of Mrs. Ruby Humphries, administratrix of C. M. Humphries, against the Illinois Central road, was dismissed on peremptory instructions. She sued for \$2,000 for the death of her husband who was killed by a falling timber from Tennessee river Illinois Central bridge, then under course of construction.

In the case of William Edwards against the Illinois Central, a verdict for \$1,000 was returned. He sued for \$2,000 for injuries sustained in being caught in a gravel slide at Grand Rivers, and one arm paralyzed. The defendant will appeal.

Devers Gets Two Years.

George Devers, who cut and killed Henry Duncan at Sugar Creek church in Livingston county, got two years in the penitentiary, and his attorneys will not appeal. He was among a large crowd of young men when some began teasing Duncan. Duncan invited Devers out to fight him, thinking he was one of the party. Devers went but no fight resulted. Finally some one came along and urged them on. Duncan advanced with clenched fist and Devers pulled a knife and began to cut. Literally cutting some portions of Duncan's body to shreds.

Attorneys for the plaintiff in the case of Mrs. J. E. Chipps against J. E. Chipps, were allowed an attorneys' fee of \$125. They asked for \$500. The plaintiff and defendant were reconciled and are living together again.

FRIDAY 13th, MESSAGE 13 ---NOT FOR COMMODORE

Today is a hoodoo day. It is Friday, the 13th, and the superstitions have been afraid to do anything for fear of ill luck. A messenger for the Postal Telegraph company had a message for Commodore Given Fowler numbered 13, but as soon as he asied the number and thought also of the day and date he concluded the combination was too much and refused the message until the lad took it and changed the number.

Pardon Refused Stensland.

Chicago, Sept. 12.—The pardon board today refused to pardon Paul Stensland convicted some time ago for wrecking the Milwaukee Avenue National bank. Stensland asked for pardon on the ground of broken health.

Twelve Kankakee Horses.

Mr. George C. Harris, who went to Kankakee this week to interest some horsemen racing there in the Paducah races, wired the association today that he had secured 12 very fast horses for the local events, and had many more in prospect.

THEATRICAL NOTES

At G. Field's Minstrels.

Annually Al Field comes along the first part of September to profit by the theatrical appetite whetted by a summer of abstinence from the stage, and he always provides something palatable. His entertainment like the traditional circus, is "bigger and brighter than ever" with enough of fresh color and humor and melody to more than atone for what has been saved over from previous seasons and served warmed over, says the Louisville Herald. A big audience attended the opening of the season last night, and from start to finish there was applause and laughter for songs, glee and burlesque.

Field's big stunt this year is a take-off on Secretary of War Taft, and the bull fight is about as uproarious a piece of knock-down and drag-out fun as could well be devised. Field shines in his speech to the Philinos full of topical hits. Able lieutenants for the veteran black face comedian are provided in Doc Quigley of the everlastingly agile legs, Big Billy Clark, with his cavernous mouth and uncanny humor, Little Bun Granville, Harry Van Fossen and others. There is the usual array of tenors attired in pink satin and white wigs, and big fellows who strike notes down the region of the diaphragm, to the delight of those who like to revel in high notes and low notes of musical values.

One of the best new songs is the "Every Little Bit Added" as sung by Billy Clark. Walter Sherwood is the premier tenor balladist, John C. Dickens does the basso profundo stunts, and handsome Boardman Carnes attends to the duties of middleman and master of ceremonies with his customary dignity and ease. The "olio" bits are all entertaining, and altogether Mr. Field has gotten up a "show" which serves its end of amusement perfectly. Al Field deals squarely with his public, and this fact, together with the circumstances that he is widely known and popular in Louisville, guarantees to him a hearty welcome when he comes to town.

The interior of Macauley's has been transformed during the summer months, and the cream colored walls and new hangings make the playhouse very inviting. A new steel ceiling is not the least of the improvements, and out in front a Marquee—that's what Al Bourlier says it is—is quite attractive.

East Lynne Tonight.

Helen Aubrey in "East Lynne," comes to the Kentucky tonight for one performance. Press reports indicate she has a very good company and is giving a good rendition of this old, popular play. Visitors to the Kentucky will be pleased to note the fresh appearance of the house since it has been given a house cleaning for the new season.

Freeman With Minneapolis.
Jim (Buck) Freeman, Paducah's graduate to the big league, was called to the rescue by Minneapolis at that city on the 11th when Milwaukee, with Clyde Goodwin in the box bunched hits on Kilroy and knocked him out of the box. The Brewers could not connect with Jimmie's delivery, and lost the game by a score of 6 to 3. A total of 13 hits were scored off Kilroy and none off Freeman. Goodwin allowed but six hits, but they were timely and with excellent base running took the game.

THE LIGHTHOUSE
TENDER LILY

Will be President's Boat on
Trip Down Mississippi.

Elaborate Arrangements Are Being
Made To Entertain the Presi-
dent and His Party.

MAY START SEPTEMBER 31

Washington, Sept. 13.—General Mackenzie, chief of engineers, has practically completed arrangements for the trip down the river of President Roosevelt and the inland waterways commission next month. It is probable that the president will travel on a special boat and the commission will be accommodated on another craft. It has been decided to house the commission on the government boat Mississippi and the lighthouse tender Lily has been assigned for the exclusive use of the president and his party.

The Lily is under orders to await the president at Keokuk, Iowa, September 30, though probably the presidential party will not arrive there from Canton before October 1.

The president will be publicly entertained at St. Louis, Cairo, Ill., and Memphis, Tenn. It is said that elaborate arrangements have been made for his entertainment at these points. At St. Louis he will have a special guard from Jefferson barracks, and at Cairo will be escorted by a regiment of the Illinois National Guard. At Memphis he will address the waterways convention.

SOPHOMORE CLASS
FIRST TO ORGANIZE

Officers Were Elected at Meet-
ing Yesterday.

Splendid Results Have Been Obtained
From First Week's Session of
Public Schools.

TEACHERS' MEETING TODAY.

President—Miss Lucile Barth.
Secretary-treasurer—Miss Margaret Carnagey.

Yesterday afternoon the sophomore class Paducah High school, met and effected permanent organization, the first class in the High school to organize. Work has settled down steadily and attention is being turned to the features. Other classes will organize next week, and literary societies formed.

A committee appointed yesterday was authorized to spend \$7.50 collected by subscription, for a "P. H. S." pennant, to be raised on the flag-staff at the Washington building. The committee will this afternoon make a selection.

Teachers favor adopting "Kath's Elementary Schools" as a subject for special literary and school work this year. Rules of the schools require monthly meeting of teachers for the purpose of studying special branches of teaching, and in addition to the regular subject, some special literary subject will be selected as a side line. Organization of the society for outlining a program and assignment of subjects will be held probably next week.

When new school buildings, now under course of construction, are completed, it will necessitate a change of boundary lines, and Supt. Carnagey will then relieve to a great extent the congested condition of Washington school. Seventy pupils to the room in the first grade are crowded in this department, and to relieve the situation Supt. Carnagey today confiscated Principal W. H. Sugg's office and placed the second grade in it. The second grade room was put into commission for the overflow from the first grade.

This afternoon a meeting of principals will be held for the purpose of reporting enrollment and average attendance for the first week, and the result of work done.

New Teacher Selected.
B. F. Hooker, of Chattanooga, Tenn., has accepted a call to the Paducah public schools, and is expected to report Monday. A telegram of acceptance was received yesterday by Supt. Carnagey, after he had written and telegraphed to many teachers to fill the vacancy in the High school. The vacancy was caused by Charles E. Flack, of Benton, Ill., resigning and going to Deering, Ill. Because of the shortage of one teacher, a general switch of teachers had been made, and Monday will see each teacher in his proper place.

THEY'RE OFF AT ZION CITY.
Familiar Turf Language May Be Heard in Holy City.

Chicago, Sept. 13.—Zion City is to have a race track. The Holy City, founded on the shores of Lake Michigan by John Alexander Dowle, will soon resound with the names of turf favorites, according to information made public today.

J. W. Stewart, who, despite the fact that he has long been surrounded with the influences of the Christian Catholic church, is an admirer of horse flesh, is the backer of the enterprise which is intended to rob Saratoga of its fame.

Ground on the proposed track will be broken in a few days. It is in the heart of the city and the use of it for racing was obtained from John C. Hately, receiver appointed by Judge Landis.

There will be no opposition to the venture from their church or civic authorities.

THE RIGHT KIND OF CLOTHING

For Boys

It would not be possible to put more goodness, more wear resistance into boys' clothes than our tailors have done. They're made to stand the wear and tear of the school yard—and that's rough. At the same time there is a richness of pattern and a refinement of design which will meet with the instant approval of both mother and boys. Our children's department is conceded to be the most modern and satisfying in Paducah. It's right on the first floor, very easy of access at all times; a convenient and comfortable place to visit.

The Outlook
for FallAn Optimistic View of
the Clothing Trade

—we begin the autumn season with pleasurable anticipation and no misgivings. The country is solidly prosperous, wages are high and the people happy. We are guaranteed a continuance of prosperity and nowhere on the horizon are there any indications of squalls. Acting upon these conditions and beliefs, we have laid in the largest stock of merchandise in our career and it comes from the best houses in the world. Naturally there has been improvement in methods and consequent improvement in quality, so that every branch of this institution is correspondingly better than it was last year. This is due to the unfailing American progress which never sleeps or halts and if you will trouble yourselves to call and examine the new display, you will secure ample evidence of the truth of these assertions.

Disappearance of Female Clothing Caused Great Worry to Pretty Cottagers.

WILLIAM GOAT THE THIEF.

McKeesport, N. Y., Sept. 12.—A couple of weeks ago Mr. and Mrs. Herbert Withereff, accompanied by their charming daughters, Florence and Beatrice, took up their residence in a secluded forest cottage not far from McKeesport, where they intended to find relaxation from Albany life for a month and entertain some fashionable friends.

Although this is by no means a fashionable place, the Withereffs brought with them handsome and stylish wearing apparel and the young women particularly, fairly dazzled the natives by the elaborateness of their toilettes. The fashionable guests who later arrived were also handsomely frocked, and the appearance of any of the party upon the streets was little less than a treat.

Now comes the sad part of the story. Among the possessions of the Misses Florence and Beatrice were some wondrous garments in lingerie effects, hand made, and costing much money. In due course of time those articles appeared on the line along with the family wash. An hour later they were missing and there was no sign of the Withereff cottage.

Mr. Withereff's first thought was to notify the nearest constable, but his wife restrained him on the plea that the matter was not one she would care to have become public.

Next day, however, when more lingerie disappeared almost under their very eyes the mistress decided that it would be best to call in the officers. After much search a constable was found and he was secretly given a description of the missing apparel. It was his first case in fourteen years, and he did a job that would bring commendation from Sherlock Holmes.

First, he ordered that more lingerie be placed on the line. Then he hid in the house where he could watch it.

The shades of evening had begun to fall when the face of the constable showed signs of unwelcome pulsation. He gripped his ever ready revolver, replaced it in his pocket and gently called Mrs. Withereff.

"There's your thief," he whispered as she tilted up behind him. "I'll put the law on him if you say so."

Mrs. Withereff beheld the camp goat—a William goat—slowly masterful a corset cover. She shrieked, whereat the goat with a sheepish look, turned tail and sought the cover of the ham house.

"And we never suspected him at all," said the mistress as she handed the constable a \$2 bill and gave him three of her husband's best cigars.

Lost and Found.

Lost, between 9:30 a. m., yesterday and noon today, a hillous attack, with nausea and sick headache. This loss was occasioned by finding at all drugists a box of Dr. King's New Life Pills. Guaranteed for biliousness, malaria and jaundice. 25c.

WILL MAKE ATTACK ON MOORS.

French Commander Ordered by Premier to Fight Decisive Battle.

Paris, Sept. 13.—Premier Clemenceau announced last night that he had instructed General Druide, the commander of the French expeditionary force in Morocco, to deliver a sharp and decisive attack upon the Arab tribesmen when, in his judgment, the occasion is opportune. At the same time the premier requested the general to inform him by telegraph when he thought he would take the offensive. No answer has been received.

WOULD PUT END TO REVIVALS.

Methodist Conference Speaker Against This Way of Growth.

Rock Island, Ill., Sept. 13.—Communion work took up most of the time of the central Illinois Methodist conference today. One of the notable addresses was by Rev. M. C. H. Mahon, secretary of the Freedmen's Aid association, who declared against the revival method of securing new membership.

Big Pumpkin Pie Feast.

Longmont, Colo., Sept. 13.—The annual "Pumpkin Pie Day" celebration was held in Longmont today and was enjoyed by all the men, women and children for miles-around. It is estimated that no fewer than 15,000 pumpkin pies were consumed by the crowd.

DRANK INSECTICIDE

FARMER SWALLOWED A CUP-FULL THINKING WAS WHISKY.

J. Frank Potts Thought Patentedman Had Been Kind Enough to Leave Him a Morning Nip.

That the stomach is a queer acting organ is a fact that can be attested to by J. Frank Potts, a well known farmer who often comes to town and indulges to excess. Unless he succeeds in making himself objectionably conspicuous and has to be locked up, he is generally taken in tow to the city hall and permitted to "sleep it off" on a bench in the city court room. It was on one of these occasions that he treated his stomach to a dose of insect exterminator by mistake.

"Now don't take all my whiskey was the imporing appeal made Patrol Driver Thad Terrell as he left Potts on a court room bench, carrying with him the farmer's pint bottle of hour-bon.

"All right, I will leave you a drink for an eye opener tomorrow morning," declared Terrell as he disappeared leaving the farmer in possession of the room. The next morning Potts awakened. He had a faint recollection of Terrell's promise, and went on a reconnoitering expedition. He espied a cup of red looking fluid on a table in an adjoining room. It looked like whiskey, and without the formality of smelling or tasting, Potts, thinking Terrell had left it for him, lifted the cup and drank the "last drop." It was not whiskey and Potts learned this the moment he closed his lips after swallowing. Turnkey Joe Purchase at this juncture entered.

"Say, what was in that cup setting there?" the farmer inquired.

"Why?" was the terse, interrogating answer.

"Well, I drank it, whatever it was. Is it poison?" the frightened farmer gasped as he sank to the bench again and grabbed his stomach.

He had swallowed half a pint of disinfecting fluid used to kill vermin in the city hall. Fortunately it was not poison, but is about the vilest smelling and tasting fluid imaginable. Potts suffered no pains or inconvenience from drinking the fluid.

Humility is one of the ingredients a self-made man occasionally forgets to mix with his material.

NEGRO STEALS WATCH FROM RUBY RESIDENCE.

Mrs. John Ruby, of Fountain avenue, while passing from one room to another yesterday afternoon, came suddenly upon a negro, clad in hand, standing in one of her rooms. She asked the negro what he wanted, and he replied "work." Mrs. Ruby dismissed him, saying nothing he could do. Later she discovered that he had stolen her watch. Police have a good description of the negro, and it is thought he is the same who entered the G. C. Dugard residence a few days ago.

KENTUCKIANS WIN

PLAN TO PROHIBIT ORPHANS HOMES LOST IN CONVENTION.

Question Has Been One of Much Interest to the Members of the Fraternity.

Norfolk, Va., Sept. 13.—To rehabilitate its treasury, the great council of the Improved Order of Red Men, in sixtieth annual session here today, reduced the mileage to members of the grand council, after this session, from 15 cents to 8 cents; abolished the standing committee on revision of laws and ceremonies; reduced the allowance in traveling expenses to the grand inchoance for the propagation of the order from \$4,000 to \$1,500, and increased the per cap-

ita tax from 15 cents to 18 cents, making an additional annual revenue of \$5,000.

A proposition to prohibit the establishment of orphan homes by state great councils and a concentration into one national home, under the control of the great council, was defeated by a large vote. Kentucky offered strenuous objection.

Judge William P. Boyde, of Delaware, was appointed a member of the great board of appeals for three years.

The finance committee recommended as a matter of economy that the 1908 session be held at Columbus, but the Columbus delegation said that city was not ready to entertain.

Motions were then made to substitute Baltimore, Bridgeport, Conn., and Atlantic City for Columbus. This caused a great fight.

—Once in a "blue moon" nowadays "pull" serves a good position—the rest of the time it is safer to rely upon want advertising.

HITCHCOCK

POSTMASTERS MEETING AT LOU-
ISVILLE NEXT WEEK.

Vish Will Have No Reference to Pol-
ices—Louisville Only Place
He Will Visit.

Washington, D. C., Sept. 13.—
First Assistant Postmaster General
Hitchcock will attend the meeting of
the Kentucky association of Post-
masters at Louisville on September
17 and 18, and deliver an address on
some phase of postal work.

Mr. Hitchcock was invited to Lou-
isville by Postmaster Woods, pres-
ident of the Kentucky Association,
when they met at the national con-
vention of postmasters at Erie, Pa.,
several weeks ago. At that time Mr.
Hitchcock promised to attend the
Louisville convention if possible.

He is glad that he can now see his
way clear to doing this, as Mr. Woods
is his close personal friend and old
college associate. Mr. Hitchcock
says that his Kentucky visit will have
no reference to politics, and that he
will go nowhere on that trip except
Louisville.

PADUCAH WILL

GET FIRST PRIZE

For Most Beautiful Lawn on
I. C. System.

Has Won Honor for Seven Consecu-
tive Years—Offer Towns Mak-
ing Hard Fight For Prize.

INSPECTION SEPTEMBER 25.

For the seventh consecutive season
Paducah will capture first prize for
the most beautiful lawn on the Illi-
nois Central system, declares Mr. Wil-
liam Keller, chief gardener of the
Louisville division of the road. The
annual inspection of flower beds and
lawns will begin next week, and Mr.
Keller states that four towns on the
division will be the ones from which
a selection will be made.

From September 16 to the 25th of
fields of the road will inspect flower
beds and lawns. Monday they will
be in Fulton, but Mr. Keller will not
meet them until they return from the
south. He will accompany inspec-
tors over the Louisville division, how-
ever.

"The honors will go to Paducah, I
feel sure," he stated today at the de-
pot, after finishing trimming down
the shrubs and flowers at the depot
lawn. "Paducah has the best kept
lawn, thanks to Mr. L. P. Brandon,
but Cecilia, Measure Ridge park, and
Rockport, also have pretty lawns and
flower beds, and will fight hard for
honors."

Railroad Notes.

B. J. Feeney, traveling engineer of
the Louisville division of the Illinois
Central, has returned after attending
the annual convention of traveling
engineers national association, which
was held in Chicago. The next meet-
ing will be held in Detroit, Mich.

"Hopping Dick" is the nickname
given Dick Tolbert, the well known
Illinois Central special policeman sta-
tioned at the shops, and school chil-
dren are responsible for the name.
Again, after a calm of three
months, the special policeman is
kept "on the hop." Several accidents
were narrowly averted in local illi-
nois Central shop yards last year
when school children were passing
through en route to school. A gate
was locked and orders issued for pen-
alty not to cut through railroad Sept. 11th.

Jackson Remanded.

Clinton, Ky., Sept. 13.—Hon. Joe

Fall Hats

Now Ready

WE announce with pleasure the initial
display of our new Hats for Fall, and
cordially invite your most critical inspection.
We believe that the graceful shapes and very
apparent high quality will please you.

The newest ideas of such famous de-
signers as Kent, Youman, Stetson and
Roeloff are embraced in the exhibit; no de-
tailed description need be made when we
say that. The colorings are worthy of the
highest praise—black, of course, and all the
varying shades of autumn. The prices are

—\$2.00 to \$5.00

In our Children's Department, on the first floor, is a
comprehensive display of the modish novelties in
children's headwear which will be a source of delight
to every mother. We solicit an early visit, for the
designs are exclusive and a not many purchased.

ACCIDENTALLY KILLED

Amel Gayard Caught Under Falling Debris in Carversville Mines.

While building a scaffold in the mines at Fairview last Friday morning a quantity of spar broke loose knocking the scaffold and the man on top of same down burying Mr. Amel Gayard under the debris. It took his comrades an hour and a half to clear the debris from his body. He talked to the men who were working heroically to get him out, asking them to hurry. He was soon brought to the top but only lived a short time. They sent for Dr. Worren before he had been brought out of the ground, but the doctor could do nothing for him as he was injured internally.

His death was 'phoned to his mother who was so shocked that she died that evening.
Mr. Gayard was about 26 years old, a widower and had no children.

OKLAHOMA ELECTION CASE MAY BE DROPPED

Washington, Sept. 13.—The record in the Oklahoma election case in which G. M. Anderson of Woods county, sought to prevent the holding of the election on Tuesday next for the ratification of the state constitution, was received at the United States supreme court today.

The constitution convention created the counties of Alfalfa and Major out of Woods county, the purpose of the gerrymandering being to make new state legislators solely Democratic and Anties as a taxpayer of Woods county, sought to enjoin Governor Peantz from issuing the proclamation for the election, basing his application on the allegation that the convention had no power to change the boundaries of the county.

INGRAM GETS CONTRACT FOR BUILDING BRICK

Mr. C. W. Thompson let the contract today for the skating rink and some associated will erect at the corner Tenth and Broadway to Geo. O. Ingram for the contracting work and Lindehoff. Mr. Joseph W. King, of Metropolis, a prominent Illinois politician, is in the city visiting. He was a member of the 24th general assembly which elected "Billy" Mason senator. Mason is again making an active canvas to obtain the senatorial toga, and the fight he is engaged in promises to be warm.

After the Building Trades Alliance perfects an organization at meeting to be held tomorrow night it is said the alliance will begin the publication of a local paper in the interest of the alliance. The paper will be financed and managed by the Trades Alliance.

HEROISM OF SEAMEN SAVES BATTLESHIP

Indiana Hus Narrow Escape From Destruction.

Sailors Enter Hot Magazines and Pack On Explosives At Risk of Their Lives.

NOW AT YARD FOR REPAIRS

Washington, Sept. 13.—The heroism of Lieutenant-Commander J. L. Sticht, Chief Gunner L. C. Hull and nine seamen—C. L. Howe, C. Bartnick, J. L. Gratton, H. L. Linderman, E. J. Cross, C. Sheppard, C. W. Leisegang and L. Oster—saved the battleship Indiana from destruction on September 5.

These men entered two magazines next to coal bunkers that were afire, and, at the risk of instant death and suffering from the burns that the shells inflicted upon their hands, carried out all of the ammunition and prevented an explosion that would have destroyed the warship.

The Indiana is now at the League Island navy yard, Philadelphia, undergoing repairs.

The fact that the battleship was endangered was made public today by the navy department.

No serious damage resulted from the fire, which was caused by spontaneous combustion of coal.

IBSEN PLAY MONDAY NIGHT

Hedda Gabler, Twin Play to the Celebrated Ghosts, the Bill.

Monday night Constancia Crawley will make her first appearance in a modern play which will be Ibsen's great drama, Hedda Gabler, which has proved the sensation of the whole theatrical world ever since the first presentation in New York. Paducahans have already had an Ibsen play a year or so ago at the Kentucky. "Ghosts," which drew a large and appreciative house. Hedda Gabler is the companion play to "Ghosts" and more dramatic in every way so it is sure to attract all who are interested in the new drama.

It is a remarkable character the dramatist has drawn in Hedda Gabler. She is a human anomaly, neurotic, tense, full of an overwhelming desire for the oddities of life and possessed of an insatiable desire craving for riches and worldly comfort. A stronger combination could not be devised. Imagine such a character married to a prosaic professor without money, and devoid of the slightest understanding of his wife's peculiar temperament. This is the source of the tragedy which Ibsen has presented in this powerful play.

MOTHERHOOD

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from active roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

Lydia E. Pinkham's Vegetable Compound

has been the standby of American mothers in preparing for childbirth. Note what Mrs. James Chester, of 427 W. 35th St., New York says in this letter: "Dear Mrs. Pinkham:—I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly and am in the best of health now."

Lydia E. Pinkham's Vegetable Compound is certainly a successful remedy for the peculiar weaknesses and ailments of women. It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

Mrs. Pinkham's Standing Invitation to Women
Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

HERSEY TOO ILL TO GO TO THE NORTH POLE

Former Louisville Weather Man Will Not Accompany Wellman.

Chicago, Sept. 13.—A special to the Record-Herald from Spitzbergen, signed by Wellman, says:

The arctic America has been waiting a fortnight for an opportunity for a trial trip and start for the pole. It is ready to depart at any hour. Strong winds have been blowing constantly from the north for three weeks and it is impossible to take the ship from its anchor without causing its instant destruction. It has been the stormiest summer known in Spitzbergen in thirty years.

The winds during August have averaged three the velocity of the average during August last year. Nearly all are from the north and a blizzard is now brewing. We shall wait a few more days for favorable weather for starting. After that the sun will be too low to permit a voyage. If the America starts, a crew will consist of three men, Wellman, Vanman and Risenberg. Maj. Hickey will be left out because of illness.

No. Alouzo, armed chairs are not classed as hostile furniture.

Woman's Nature

Is to love children, and no home can be completely happy without them, yet the ordeal through which the expectant mother must pass usually is so full of suffering, danger and fear that she looks forward to the critical hour with apprehension and dread. Mother's Friend, by its penetrating and soothing properties, allays nausea, nervousness, and so ordeal that she passes through the event safely and with but little suffering, as numbers have testified and said, "it is worth its weight in gold." \$1.00 per bottle of druggists. TOBACCO KILLED

BUT WORMS ENLIGHTENED WHEN LIGHTNING STRIKES.

Pete Ely Buys Lot to Erect Association Warehouse at Benton—Other News.

Benton, Ky., Sept. 13.—

Lightning struck the tobacco patch of W. H. Thompson just west of town one day last week and killed about 100 plants of tobacco, but did not seem to disturb the worms, as many of them were seen on the plants that had been killed, looking well and hearty.

J. L. Price, Democrat, and W. N. McGee, Republican, have been appointed election commissioners for Marshall county. These are good citizens and good representatives of their respective parties.

Pete Ely has bought a lot from Pat Stilly fronting 150 feet on Parry street and 300 feet deep, on which to erect the tobacco storage warehouse. It is near the depot and in a convenient place to handle the tobacco.

The fine rain that fell last Sunday insured a good crop of corn and tobacco, and puts the stubble land in good condition to plow.

Dr. Stone, of Princeton, and Dr. Taylor, of Paducah, were here Monday evening to see George C. Edwards.

Sick People.

The condition of George C. Edwards is better than it has been for several days past.

Mrs. J. H. Ford is resting better, and is in better condition than she has been for two weeks.

W. M. Owen, of route No. 2, is still a very sick man.

Mrs. Charley Cole, of route No. 1, is very low from consumption.

Tully Wilkins is out after a few days' sickness.

Mrs. D. M. Fields was on the sick list the first part of the week, but is up again.

WILLSON RIDES IN LOCOMOTIVE CAB

To Reach Olive Hill in Time For Speaking.

Was Given Usual Hearty Reception By the Husky Mountaineers of Carter County.

REPUBLICANS ARE NOW UNITED.

Olive Hill, Ky., Sept. 13.—The citizenship of Carter county, both Republican and Democratic, united in a rousing welcome today to Augustus E. Willson, the Republican nominee for governor, who made one of the best speeches of his campaign this afternoon to a crowd that completely filled the pretty grove in the center part of the town. Mr. Willson enjoyed a novel experience this morning, riding in a locomotive cab from Paragon, on North Fork, to Morehead, a distance of a dozen miles.

Perched high on the seat of the engine driver, the Republican leader comfortably smoked his pipe, chatted with the engineer and admired the wonderfully attractive scenery, feeling as happy and comfortable as though ensconced in the cushioned chair of a Pullman parlor car. Rising at daybreak this morning, Mr. Willson and his party left West Liberty, where he spoke yesterday, and drove fifteen miles over roads which had been flooded by heavy rains and across creeks that were swollen into swift, rushing streams, to Paragon, on the north fork of the Elk.

Paragon's Special Engine.

Through the courtesy of County Judge W. G. Blair, vice president of the Morehead & Norfolk railroad, a special engine was sent out from Morehead to meet the Republican nominee. The engine driver, appreciating the importance of taking his distinguished charge to his destination in time for today's meeting, opened wide his throttle, and the climbing mountain grades and rounding of sharp curves was accomplished with remarkable speed, the distance between Paragon and Morehead being negotiated in almost record time.

On his arrival here Mr. Willson was given the usual hearty reception which has characterized his visits to points in eastern Kentucky, and, after dining at the hotel, he addressed a record assembly, who listened earnestly to his doctrine of good government and went away greatly impressed by his sincerity, his resolute-ness of purpose and with a wealth of appreciation for the man.

Four Pot Words.

Peter, Troublesome, Frozen and Quicksand are four words which Mr. Willson now rolls his tongue around in huge delight. They represent the names of four precincts in which alleged gross and shameless frauds were committed in the name of Democracy at the Democratic primary last November when all of them returned votes for Beckham and Hager all out of proportion to their entire voting strength.

It was in precincts like this that McCree and Hays went down to defeat, and for which the honest Democrats of the state will administer a stinging rebuke to the Democratic state machine at the coming election. These names, Mr. Willson declared, were branded across the brow of Mr. Hager's nomination, and which represented more outrage upon the ballot than did the notorious and infamous Musie Hall Redwine convention, at which he received his first nomination for county judge.

The general feeling of unrest and distrust in the present state administration is felt here strongly as elsewhere, and the Republicans are daily bringing into their range citizens who never before deviated from the ways of Democracy.

Is a People's Fight.

The public pulse is easily tested in the issues that are at stake this fall and the universal sentiment prevails that the coming election is not a party proposition, but a people's fight for their honor and livelihood.

The cry of "Turn the rascals out!" is being taken up with vigor, and the very hills and mountains echo with it. Good roads and good schools were pleaded for by Mr. Willson today in a manner that seldom has been received in a Kentucky political campaign.

In his earnest way, Mr. Willson pointed out and told by facts and figures how these things might easily be brought about under an honest administration and that the money for them was now being spent on favorites of the Frankfort ring. The state printing graft story was related forcefully here by Mr. Willson today and the voters of Carter county were told in no uncertain language how their tax money was being spent.

The names of Vreeland, Bacon and Fulton used by Mr. Willson in this

connection will long be remembered with a decided disagreeable flavor by the sturdy citizens of this place.

Republicans Are United.

The general drift of Mr. Willson's campaign of three weeks and three days so far through the mountains has been to reveal the fact that the Republicans, in all of the counties, despite the doctored reports of Democratic newspapers, are united as they never have been before. All factional differences have disappeared and there is universal hope and confidence everywhere.

"I learned in West Liberty that during the speech of the distinguished nominee of the Democratic party for governor, as of old: 'And there came the voice as of one crying in the wilderness,' when he declared that for twenty-five years I had been a candidate before the people every time that there was an office in sight, and had always been defeated at the election."

"My last candidacy before the people before 1907, was as Republican nominee for congress in the Louisville district in 1892, and it is fifteen years from that nomination to the present one, which disposes of fifteen of his twenty-five years."

"I think it is fair to call the attention of the people to the differences between my nomination and candidates to which Mr. Hager has referred in this manner, and his. Omitting our first nominations, his being for county judge, and mine for the senate, of which mine was by acclamation in a hopelessly Democratic district, in which I reduced a majority of 2,800 to 1,700, all of my nominations, one for the state senate, four for congress, and one for governor, were made by acclamation, and without my working, for them, and none of his was made in this way."

Made By Fraud.

In the next place his first state nomination was by the notorious and infamous Musie Hall Redwine convention, which was characterized by treachery, corruption, violence and fraud, and the most bitter opponent I ever had has never been able to place that mud on any nomination or campaign of mine.

"Another very serious difference is that I have never had a party machine nor the power of the people's offices and money to force my nomination, while he has never had a nomination since the Musie Hall case that was not secured in this way."

The Pardon Business.

"The governor complains that he has not escaped the calumny of 'pardon brokers' and graters who met with no cheer in his office, and refers to the plundering of campaign funds and sand-bagging corporations under some threat of legislation or a franchise tax punishment."

"If the governor of the state is possessed of such information as justifies him in making such a statement and fails to give the name of the offenders to the public, he is as unfaithful to the people who have confided to him as he was when he failed to disclose to the legislature the fact that he had a contract with Mr. Calhoun binding him to collect the war claim for \$2,000, when he withheld the information from the legislature, and permitted them to pass a bill whereby he could enter into a new contract with Calhoun, and thus sand-bag the taxpayers out of \$68,000."

"If there was not collusion and graft in that, what in the world is the foundation of the strange attachment between Beckham and Calhoun? Be a man, governor, be a man, for once in your life, and tell who the sand-baggers of corporations are, and why are the bootlers of the campaign funds."

"But let me say to you, governor in a spirit of candor and perfect friendship, that you ought not, under the circumstances, to permit any of your friends to induce you to use the words 'pardon brokers,' because

GREW MISS CARROLL'S HAIR

AND WE CAN

PROVE IT

Beautiful Hair At Small Cost.

WITHIN the last decade great and rapid strides have been made in Materia Medica. Many diseases that were considered incurable fifteen years ago are now cured in a few days, and in many cases prevented altogether. The scientists of late years have been delving for the cause, the foundation, the reason and the starting point of disease, fully realizing that the actual and true cause must be ascertained before the remedy can be located. Hair troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp, and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing a supply of moisture or nutriment, and when baldness occurs the scalp has simply lost all of its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).

The natural and logical thing to do in either case is, feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Dr. Knowlton's DANDERINE

is the only remedy for the hair ever discovered that is identical with the natural hair foods or liquids of the scalp. It feeds and nourishes the hair and does all the work originally carried on by the natural nutrients or life-giving juices generated by the scalp itself. It penetrates the pores of the scalp quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One twenty-five-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself. Now on sale at every drug and toilet store in the land. Three sizes, 25c, 50c and \$1.00.

FREE To show how quickly Danderine acts we will send a large sample free by return mail to anyone who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and 10 cents in silver or stamps to pay postage.

Sold Only to Physicians.

POLICY NOW CHANGED.

For nearly ten years Lantz's Red Kidney Pills were sold only to the medical profession and were prescribed and used by them in their regular practice with uniform success in thousands of cases where kidney or bladder trouble was indicated.

Not long ago the Antiseptic Remedy Co., South Bend, Ind., in view of the fact that they were receiving so many inquiries from druggists and sufferers from kidney trouble regarding this great diuretic remedy, decided to change their policy of distribution and offer their remedies direct to the public through the druggists. In pursuance of this policy we have been appointed their sole agents in this community, and will be pleased to give any one suffering from kidney or bladder trouble a two days' trial treatment free.

We are convinced that Lantz's Red Kidney Pills are compounded from the best formula that scientific pharmacy has ever produced for the relief and cure of kidney and bladder trouble. No one is ever asked to purchase these Pills until after they have given them a free and fair trial.

So confident are the Antiseptic Remedy Co. in the virtue of their formula that they place a guarantee in every box, and if, after a fair trial, the patient decides that the Pills have not benefited him, the Antiseptic Remedy Co. agrees to refund in full all the money paid for them.

If you have backache, cold hands or feet, if you have dizzy spells or any of the many other symptoms of kidney trouble, please call at our store and we will gladly give you a free two days' trial treatment. We feel sure you will be benefited.

The Cornell.

HERE is presented an interesting study of some of the Styles which herald the approach of Fall, and we are ready to show other shapes becoming to every physique, in qualities the finest the world has ever seen.

A five-dollar bill cannot buy the best derby made—it takes six dollars to get the best hat—the De Luxe, which contains the finest fur beaver ever employed. In full accord with this quality are the trimmings and leathers.

We find that men who want the best have appreciated the pronounced superiority of these hats.

The style tendency of best-dressed men in always anticipated in the De Luxe blocks.

THE Chase Hat is looked for every season by College Men all over the country. It is designed to satisfy the ideas of young men in particular and incidentally made in proportions suitable for men who feel young.

The Chase Hat sells for \$4.

We direct in particular your attention to our \$2 qualities, for we have paid the utmost limit of cost and reduced our reasonable profits to offer you at this price the best hat value we have ever known.

Other good qualities at \$3 and \$3.50.

The Chase Hat.

A separate department is devoted to boys' and children's stylish hat wear.

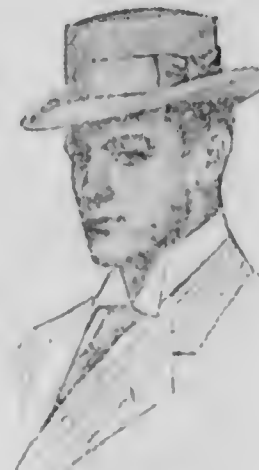

Mail orders will receive careful attention; mention size, your height and weight.

PANEL CARVERS BUSY LAST NIGHT

Several Attempts Made to Enter Stores.

Small Amount of Money and Whiskey Stolen From Saloon in 12th and Flournoy.

NO POLICE COURT HELD TODAY

Today, Friday, and the thirteenth of the month, proved an unlucky day for some, and lucky for others. Three business firms reported attempts, one successful, to gain entrance to stores. No police court was held.

Not arrest was made last night, and no cases continued over from yesterday, and consequently there was "nothing doing" in police court this morning. Police reported a very quiet night and day. The only reports at police headquarters out of the ordinary being the operations of "panel carvers." Three victims reported this morning.

The L. F. Hugg drug store, at Twelfth and Monroe streets, was closed last night between 11 and 12 o'clock. This morning on rising the proprietor who resides near by, found that the front door had been attacked, and part of one wooden panel cut out. Indications point towards the theory of interruption by pedestrians, which frightened away the burglars.

The next report came from Russ Clark, a saloon and grocery proprietor doing business at Twelfth and Flournoy streets, at the forks of the Cairo road and Rowlandtown branch roads. Panel workers were successful in this instance, removing one panel of a door on the Cairo road side, and unlocking the door with ease. Clark missed \$2 in pennies, two

quarts of whiskey, a box and a half of ten cent cigars and some plug tobacco.

The third attempt was reported by James McAnghan, a grocer at Twelfth and Jones streets. On opening his store this morning he noticed on the pavement under the front main door, shavings. An investigation showed that panel carvers had succeeded only in cutting through the top of the panel, and were doubtless frightened away by the appearance of pedestrians.

J. L. Woods, a farmer, reported last night that he lost his horse and wagon from Twenty-eighth and Tennessee streets. This morning he found his outfit one-half mile west on the Mayfield road. The horse had been released and strayed away.

Earl Smith, a boy, reports the loss of his bicycle from the Washington school building.

William Albritton, colored, was arrested this morning charged with having been one of the several who engaged in a free for all fight on a street car at Eighth and Trimble streets during July.

COLORED VOTERS ORGANIZE CLUB IN NORTH END.

At the colored Cumberland Presbyterian church last night a colored Republican club of nearly 200 members was organized. Nimrod Dooly was chosen president, W. U. Edwards vice president, and Henry Hines, secretary. Several talks were made and much enthusiasm prevailed. The club was named in honor of Hon. James P. Smith, the Republican candidate for mayor.

A rousing meeting of all the colored voters will be held tonight at the colored Odd Fellows' hall, corner Seventh and Adams streets.

Fire Marshal to Make Inquiry. Louisville, Ky., Sept. 13.—Col. Mott Ayres, the state fire marshal, will conduct an inquiry into the Conner-Journal fire today. A subpoena has been issued for Clarence Lotz, the boy who is thought to have caused the fire.

GOES TO CAIRO

NEXT INTERSTATE MEETING OF MODERN WOODMEN.

Delegates From Egyptian City Made Winning Fight for Convention—Officers Elected.

President, M. Stewart, Cairo, Secretary, J. H. Pollock, Cairo, Treasurer, Judge Turner, Wicks, Mo.

At the business session of Modern Woodmen of America yesterday afternoon at Wallace park an election of officers resulted as above. Great interest was taken in the election, days

many cards and much literature being distributed over the city, advertising candidates. J. H. Pollock, who was elected secretary, succeeded by hard work in pulling the meeting to Cairo, which was selected for the next place of meeting.

The interstate meeting of the order was a success, considering that it was the first one ever held.

HOLDS HIM RESPONSIBLE FOR HIS BANKRUPTCY.

Evansville, Ind., Sept. 13.—Felix J. Selfert, manager of Cook's park, the largest park in this city, today filed a petition in bankruptcy, and S. J. Adler, of the Acme Hotel, was named receiver. His liabilities are over \$12,000, and among his assets he claimed \$400 cash. Selfert's failure, it is claimed, is the result of putting the "lid" on here on September 1st.

WIRES STRUNG

TO LIGHT GROUNDS FOR HORSE SHOW TODAY.

Secretary Barnett Received Several Entries for the Different Events.

Electricians are at work today stringing wires in Wallace park to light the grounds for the Horse Show, and next week workmen will begin putting the grounds in condition. The boxes will be arranged, fringing the grand stand as they were last year, and there will be about the same number. The auction sale of boxes will be held at the Palmer next Tuesday night, and it is expected that all will be sold at the sale.

Many More Entries.

Secretary Barnett received a number of entries for the horse show events again today, and every day adds to the great list of entries. Last year in the roadster event the third night there were 27 entries and this year several events promise to rival it.

Sponsors' Invitations.

The invitations for sponsors will be ready for mailing tomorrow and Paducah people who have friends whom they would desire to have appointed are requested to notify Mr. John W. Keller at once, and the appointments will be made and invitations sent out at once.
